# Australian Pigeon Company

Two New Quality Products

High-Performance Pellets for Pigeons

## Racing pellets

A concentrated pelleted supplement designed to be added to a grain ration to provide an improved more complete diet. A blend of vitamins, minerals and amino acids developed to compliment the deficiencies of a grain diet. Add as 10 – 20 % to the normal blend of grain.

Optimal  
Nutrition for  
Superior  
Performance

## Maintenance Pellets

A complete pelleted diet that can be offered as the only food. Nutritionally complete formula for pigeons. Scientifically formulated by avian vets and nutritionists to provide a complete and balanced diet for racing and fancy pigeons. Its nutritionally complete formula helps maintain health and produce robust young during breeding.

Available from the Knox Bird Veterinary Clinic  
and Produce Stores  
Recommended Retail Price
